SUBJECT: Enrollment Planning Committee

Dear Colleagues,

I would be pleased if you would serve on the subject committee for 2002-03. The charge to the committee is to review enrollment projections and to provide recommendations concerning short and long term enrollment objectives (including teacher education credential programs, engineering and computer science programs, undergraduate and graduate student ratios, and summer session enrollment objectives). The committee typically meets twice during the Fall quarter, shortly after the third week of classes. If the Office of the President requests changes in our enrollment projections, the committee may have two additional meetings (one in Winter quarter, one in Spring quarter).

Please contact Judith O'Boyle at 534-2579 or [joboyle@ucsd.edu](mailto:joboyle@ucsd.edu) if you have questions or concerns.

Sincerely,

Robert C. Dynes  
Chancellor
