SUBJECT: Enrollment Planning Committee

Dear Colleagues,

I would be pleased if you would serve on the subject committee for 2003-04. The charge to the committee is to review enrollment projections and to provide recommendations concerning short and long term enrollment objectives (including teacher education credential programs, engineering and computer science programs, undergraduate and graduate student ratios, and summer session enrollment objectives). The committee typically meets once during the Fall quarter, shortly after the third week of classes, and in Winter and Spring Quarters in preparation for development of The Regents’ budget for the next year.

Please contact Mary O’Neil at 822.1853 or [moneil@ucsd.edu](mailto:moneil@ucsd.edu) if you have questions or concerns.

Sincerely,

Robert C. Dynes  
Chancellor
