<sup>1</sup>Time-to-Degree is reported in elapsed quarters from first enrollment date to graduation. Only the records of students who enter UCSD in the Fall quarter are included in time-to-degree calculations. An academic year is defined as three quarters; twelve quarters equal four years. Summer degrees are combined with fall degrees and represent one quarter.

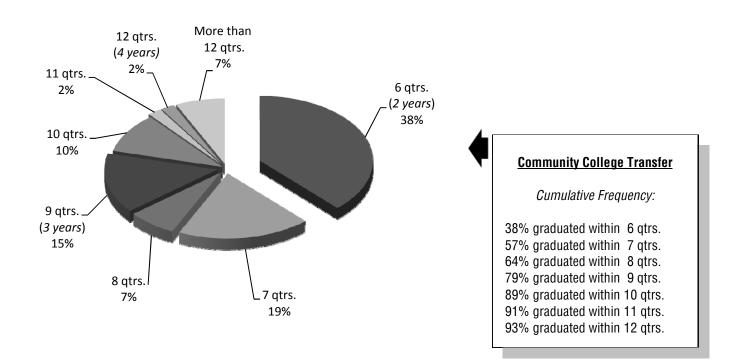

# Nominal Time-to-Degree: 2010/2011

The average first-time freshman takes 4.3 years to graduate. Fifty-four percent of first-time freshmen earning a bachelor's degree at UCSD did so within 4 years; almost three-quarters (73%) graduated within 13 quarters or just over 4 years, 89% within 5 years, and 97% within 6 years (18 quarters).

On average, transfer students took 2.6 years to complete their bachelor degree requirements at UCSD. Over three-quarters (79%) graduated within 3 years (9 quarters), and just over one-third (38%) graduated within 2 years (6 quarters).
