* Time-to-degree is reported in elapsed quarters from first enrollment date to graduation. Only the records of students who enter UCSD in the Fall Quarter are included in time-to-degree calculations. An academic year is defined as three quarters; twelve quarters equal four years. Summer degrees are combined with Fall degrees, and combined, represent one quarter.

The average time-to-degree for undergraduate students entering from high school is approximately 13.0 quarters or 4.3 years. The average GPA earned by the 2014/2015 graduating class is 3.20.

* Time-to-degree is reported in elapsed quarters from first enrollment date to graduation. Only the records of students who enter UCSD in the Fall Quarter are included in time-to-degree calculations. An academic year is defined as three quarters; twelve quarters equal four years. Summer degrees are combined with Fall degrees, and combined, represent one quarter.

Community College transfer students complete their degree requirements at UCSD in a little over eight quarters or almost three years. The average GPA earned by the 2014/2015 graduating class for courses taken at UCSD was 3.11.
