**In general,  
graduation rates  
tend to be higher  
for second  
generation  
college students.**

*\* First generation college student:* Neither parent graduated from a four year institution of higher education or a two year community college.

*Second generation college student:* One or both parents graduated from a four year institution of higher education or a two year community college.

Retention rates for UCSD athletes are approximately the same compared to non-athletes.

While men and women are retained at approximately equal rates, graduation rates tend to vary by gender. Women (83%) tend to graduate at higher rates compared to men (80%).

Due to relatively small numbers, graduation rates by various ethnic groups can vary substantially from year to year.
