Your First College Year Survey

- The Your First College Year Survey examines the transition to college by measuring students curricular and co-curricular experiences and outcomes during the first year of college. The YFCY was designed specifically to measure student development in the first year.
- This presentation is designed to provide a visual executive summary of the results.

Presentation Summary

Transition to College

Academic Adjustment

Academic Adjustment measures the ease with which students adjust to the academic demands of college

High Academic Adjustment

“High” represents students who scored one-half standard deviation or more above the mean (i.e., higher than 55).

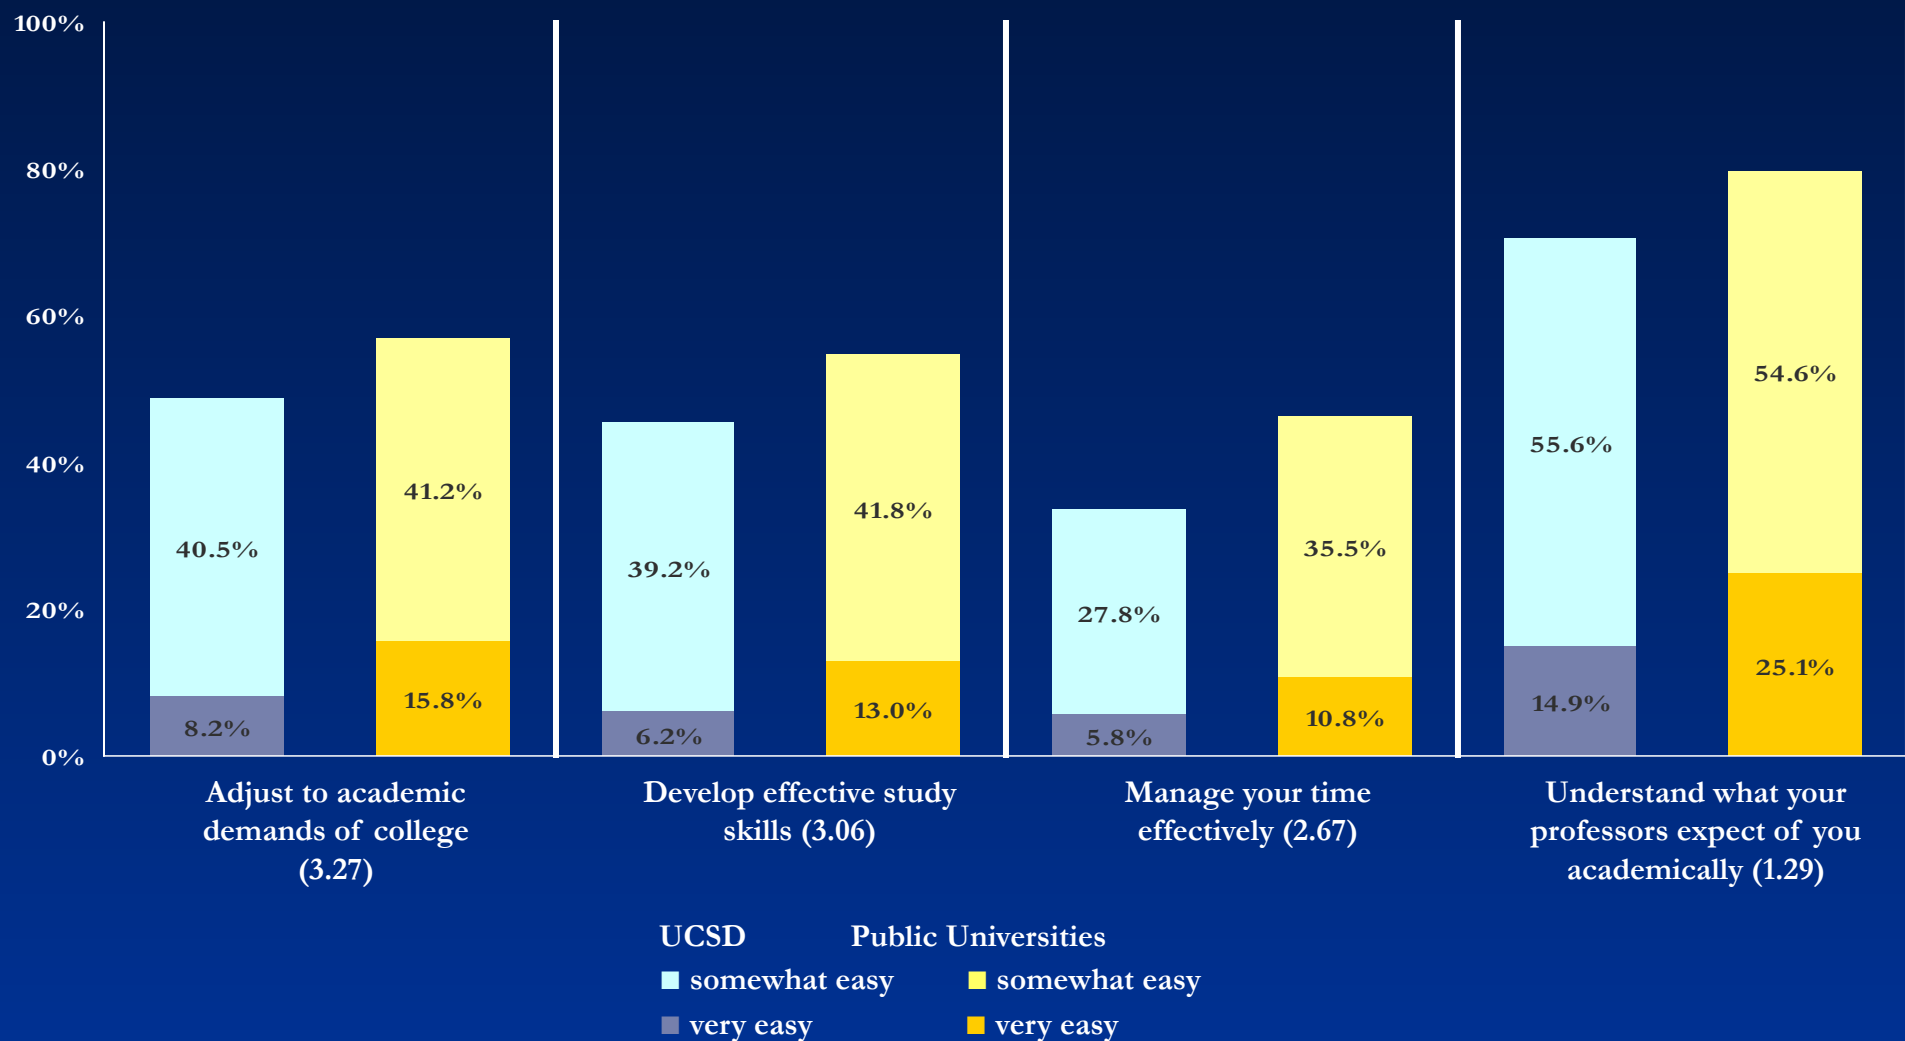

■ UCSD ■ Public Universities

CIRP Construct Survey Items

Academic Adjustment

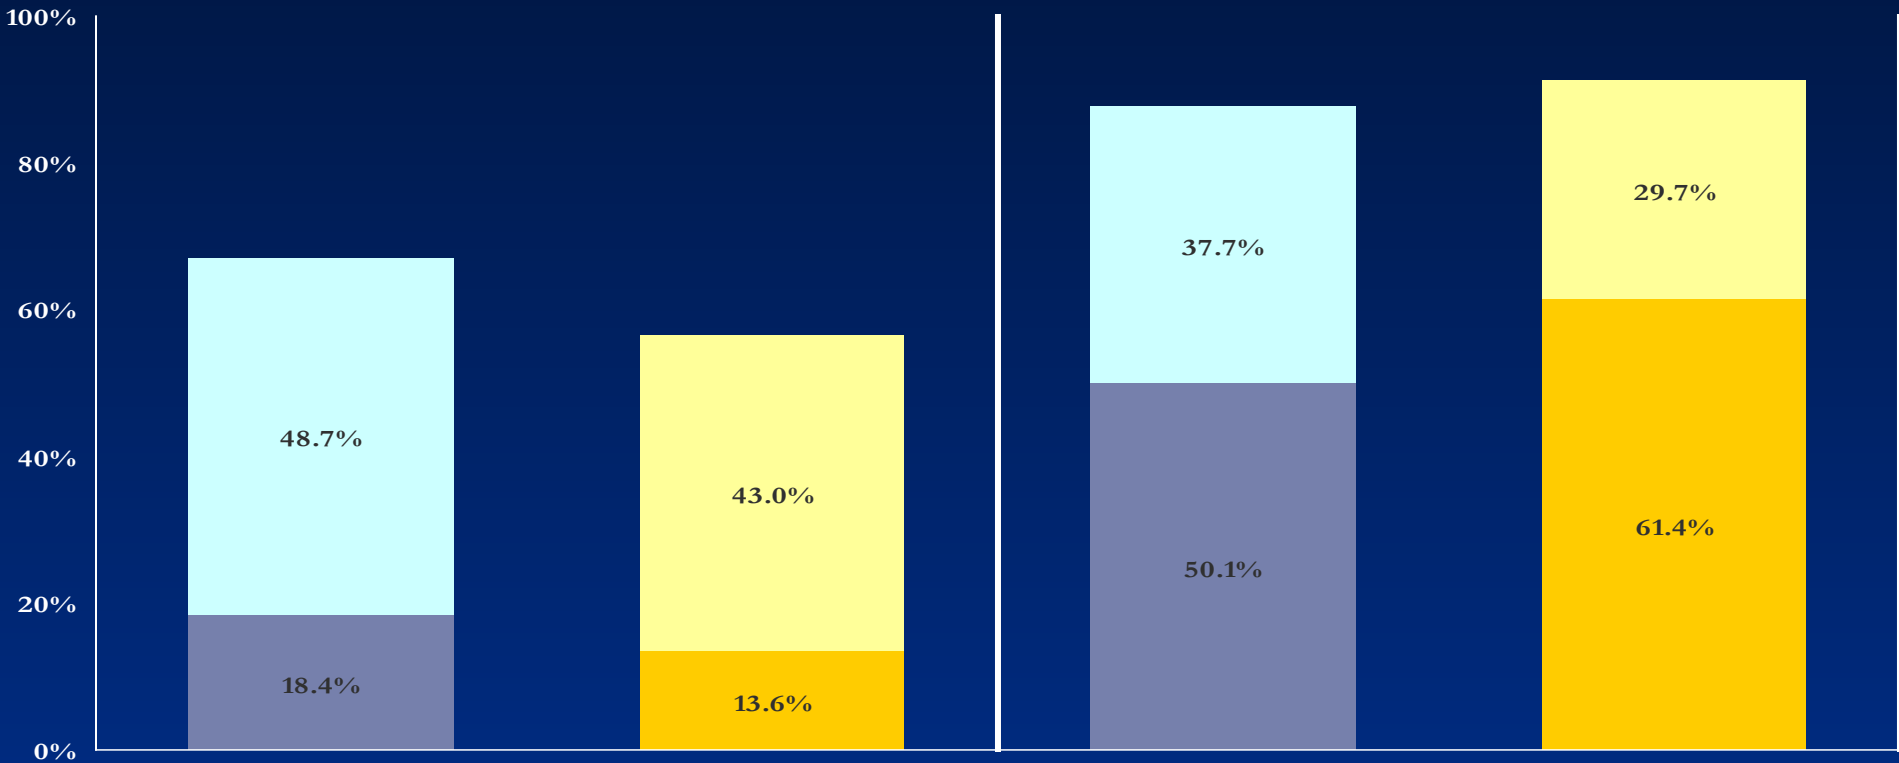

Since entering college, how has it been to:

Transition to College

Since entering this college, how often have you felt:

Isolated from campus life

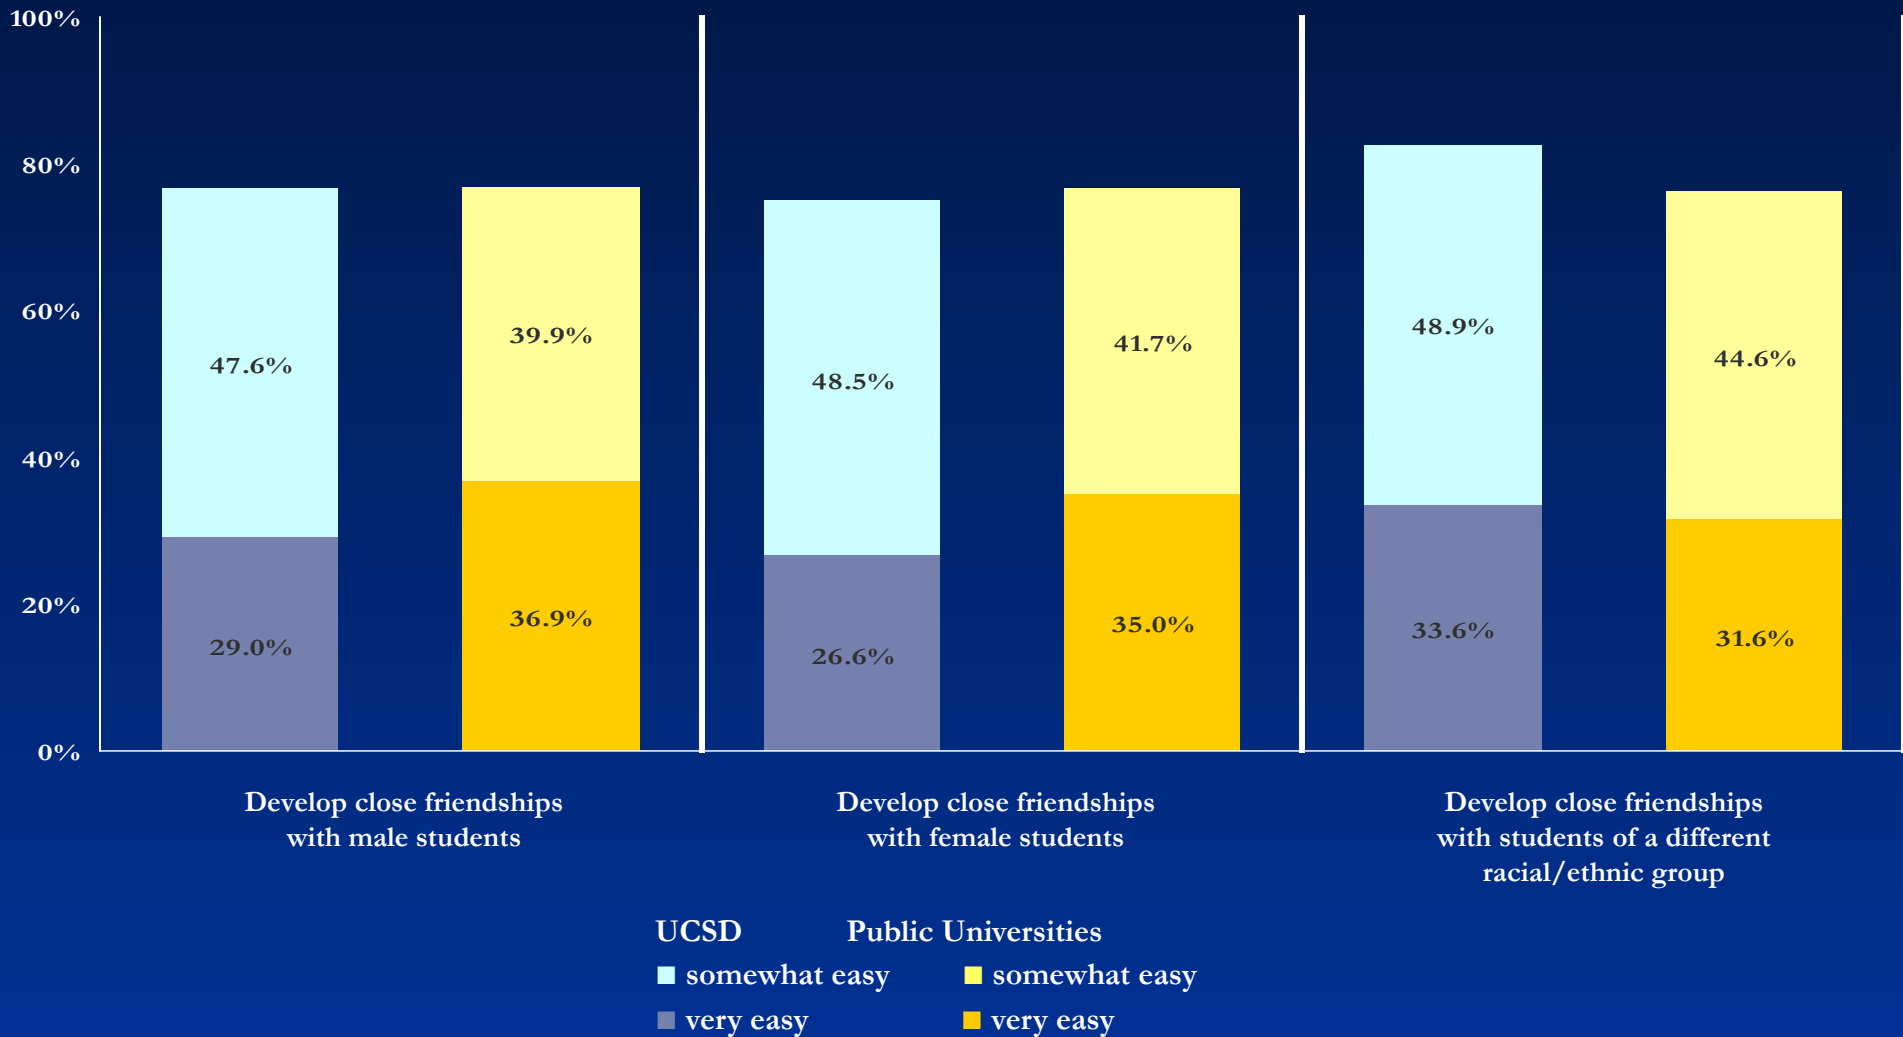

Family support to succeed

Transition to College

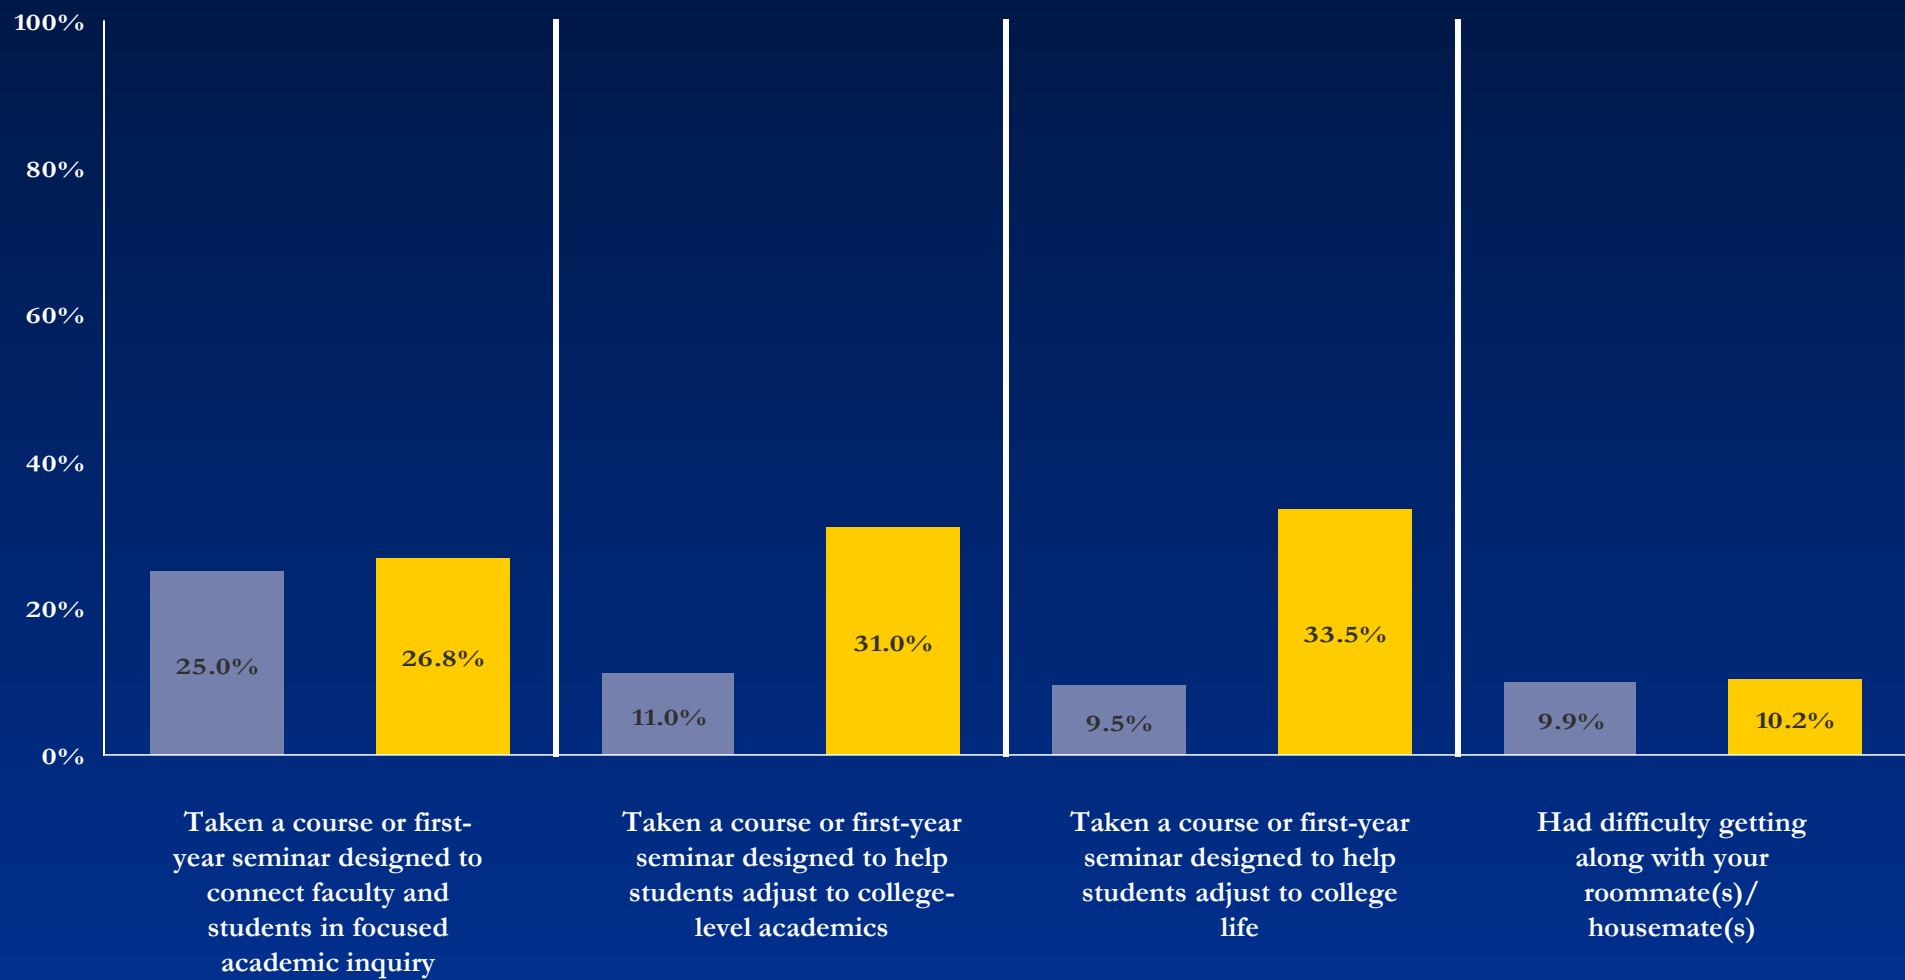

Since entering college, how has it been to:

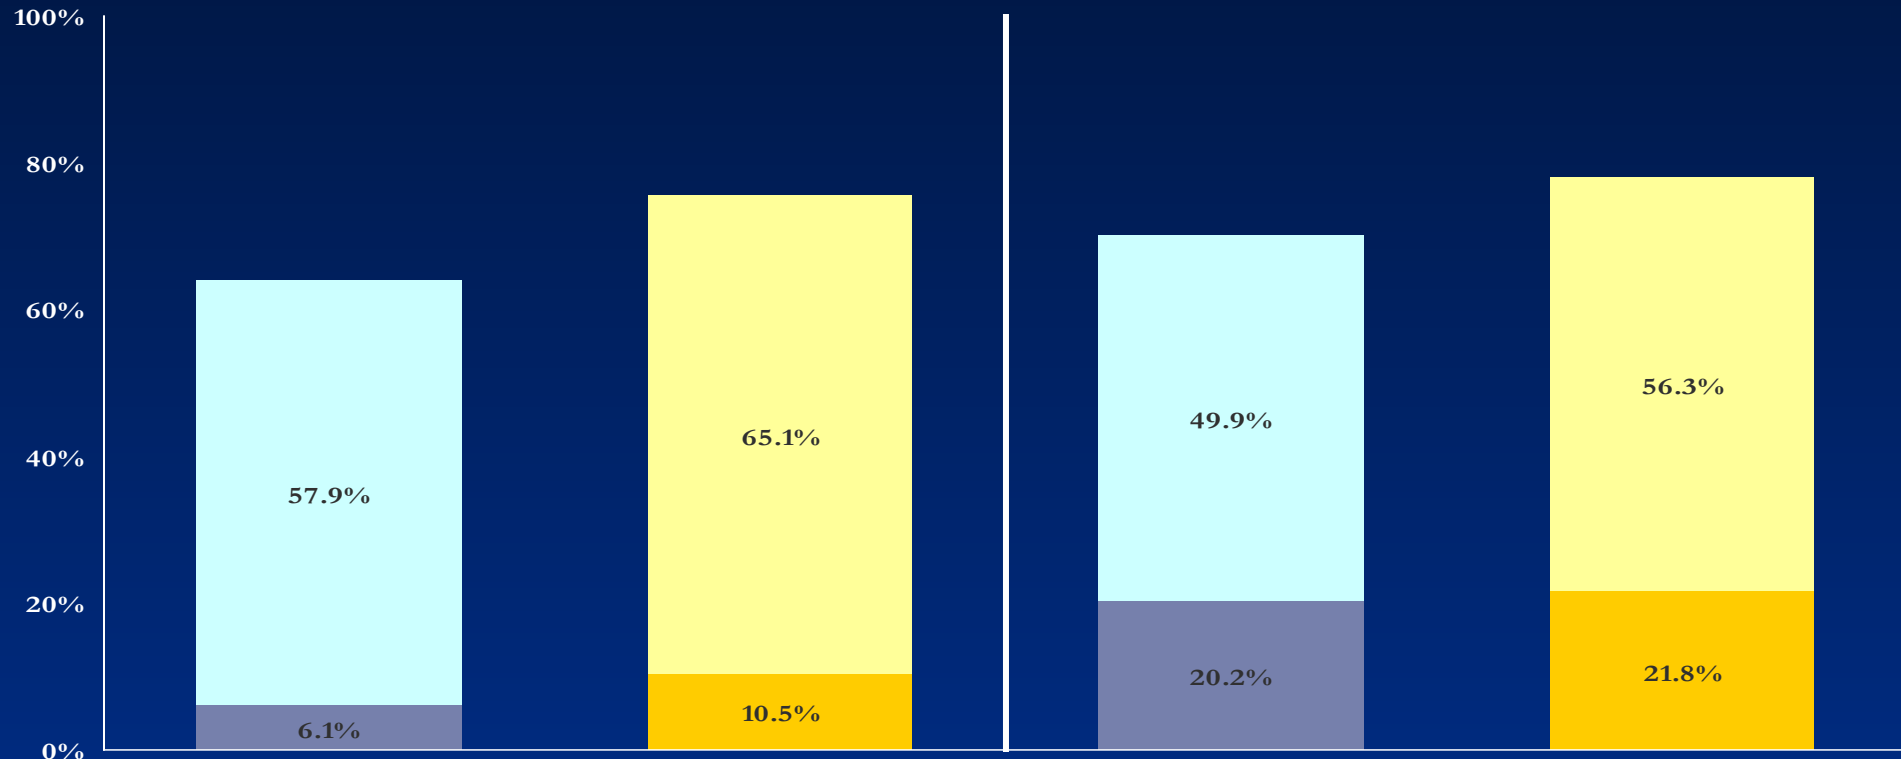

Transition to College

Since entering college have you:

CIRP Theme Transition to College

Agreement:
I have been able to find a balance between academics and extracurricular activities (strongly agree/agree)

Frequency:
Went home for the weekend (frequently/occasionally)
