Expected Graduation Rate Calculator

2019 Cohort

University of California-San Diego

First-time, Full-time Freshmen
n = 4,873

Comparison group 1: Public Universities-high selectivity
Comparison group 2: All public colleges and universities

How to Use the Expected Graduation Rate Calculator

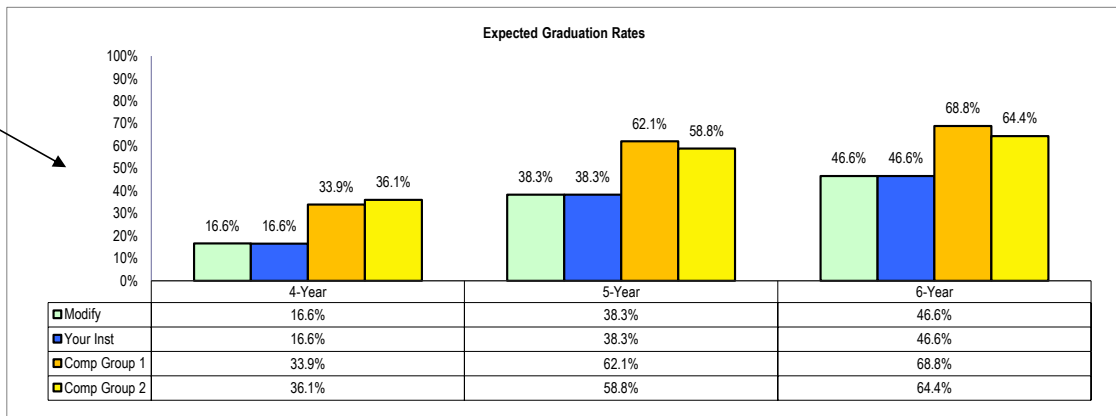

The Expected Graduation Rate Calculator has been pre-populated with results from your CIRP Freshman Survey administration. The darkest bar (in blue) represents the percentage of students expected to graduate in four, five or six years, based upon the entering characteristics of your students.

The calculator is generated based on first-time, full-time respondents to the CIRP Freshman Survey. Comparison group data are nationally-normed to reflect the American first-time full-time freshman population at baccalaureate institutions.

In the "modify" column, you can forecast changes to your degree completion rate by altering the characteristics of the incoming class.

Bar Graphs and Charts -

Display your institution's and your comparison groups' expected graduation rates at four, five, and six years. In addition to your institution's rate, the "Modify" rate displays your institution's rate if you were to change the characteristics of the students your institution enrolls.

Survey Items - Include the CIRP Freshman Survey items that were significant in predicting graduation at four, five, and six years.

Sample University	Modify	Your Inst	Comp Group 1	Comp Group 2
Sex				
Female	55.6%	55.6%	53.1%	55.0%
Male	44.4%	44.4%	46.9%	45.0%
How important was each reason in your decision to come here?				
My parents/relatives wanted me to come here				
Very important	9.8%	9.8%	8.8%	9.5%
Somewhat important	28.2%	28.2%	30.4%	30.5%
Not important	62.1%	62.1%	60.8%	60.0%
This college has a very good academic reputation				
Very important	37.9%	37.9%	56.7%	56.3%
Somewhat important	47.8%	47.8%	36.3%	36.3%
Not important	14.2%	14.2%	7.0%	7.4%

Modify Column - is pre-populated with response percentages for your institution for each of the survey items that were significant in predicting graduation at four, five, and six years. Percentages in this column can be changed in order to predict how changes in the characteristics of your institution's incoming cohort of students affect expected graduation rates.

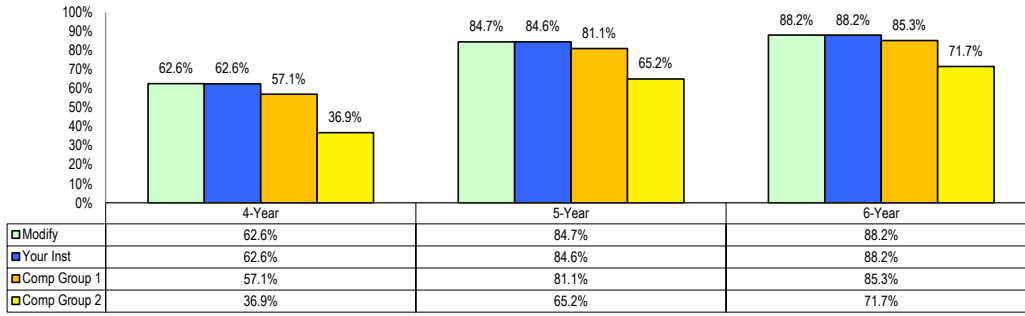

Response Columns - contain response percentages for your institution and your comparison groups for each of the survey items that were significant in predicting graduation rates at four, five, and six years.

Data Notes

* - Denotes a survey response option that was not significant in predicting graduation rates. These items are included in the calculator if other response options within the same survey item were significant.

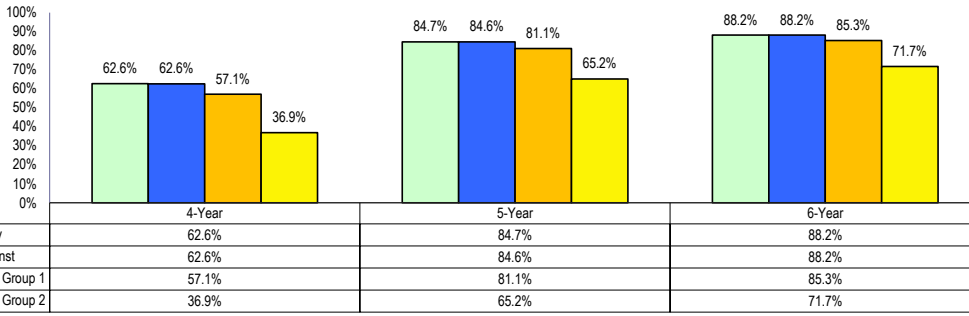

** - Denotes a survey response option that is a reference group in the Expected Graduation Rate model. Modifications to these response options do not change the expected graduation rates.
